

WELCOME to the VeeFriends Trading Card Game!

Every Card has 3 attributes to battle with! Collect points and become a VeeFriends champion!

How to Win:

Collect 7 points of ONE single attribute:

- **AURA**
- **SKILL**
- **STAMINA**

How to Play:

1. **Shuffle** your deck of 20 cards and put them face down.
2. **Play Rock, Paper, Scissors** to see who attacks first! Then, take turns being the attacker.
3. Both players **take the top card from your deck** and keep it a secret.
4. The attacker chooses the **challenge**: Aura, Skill, or Stamina.
5. The defender can **accept** or **decline** the challenge.
 - a. **ACCEPT**: Reveal your cards! The higher score wins and takes a point from that attribute.
 - b. **DECLINE**: Try another attribute until it is accepted.
 - i. Win a challenge, and you earn points. More challenges, more points!
For example, if Skill is accepted on the 3rd try, the winner gets 3 Skill points.
 - ii. If all 3 attributes are declined, move to the Total score! The higher score collects 1 point of each attribute.
6. After the turn, place your card in the Graveyard. The next player starts the next round.

Did you tie? Play again! The winner gets those points and the ones from the tie game.
